EFFORT SPENT

Under the premise that all the paragraphs have been discussed and sketched beforehand together in daily meetings, here is included a more detailed view on the effort spent in the documents.

RASD:

Alessandro Fornara:

- CHAPTER 1
 - o A.2 Goals
 - o B.1 Scope
 - o B.2 Phenomena
- CHAPTER 2
 - o A.2 Domain-level-diagram
 - A.3 Statecharts
 - o B. Product Functions
 - o D. Assumptions, dependencies, and constraints
- CHAPTER 3
 - o B.1 Functional Requirements
 - o B.3 Use cases and diagrams
 - o E. Software System Attributes
- CHAPTER 4
 - o A. Static Model

Simone Colecchia:

- CHAPTER 1
 - o A.1 Purpose
 - o A.2 Goals
 - o C. Definitions, Acronyms, Abbreviations
- CHAPTER 2
 - o A.1 Scenarios
 - o A.2 Domain-level-diagram
 - C. User characteristics
 - o D. Assumptions, dependencies, and constraints
- CHAPTER 3
 - o A. External Interface Requirements
 - B.1 Functional Requirements
 - o B.2 Requirements mapping
 - o B.4 Traceability Matrix
 - o C. Performance Requirements
 - o D. Design Constraints
 - o E. Software System Attributes
- CHAPTER 4
 - o A. Static Model
 - o B. Dynamic Model

DD:

Alessandro Fornara:

- CHAPTER 2
 - o A Overview
 - o B Component View
 - o D. Runtime View
 - o E. Component Interfaces
 - o F. Selected architectural styles and patterns
 - o G. Other design decisions
- CHAPTER 4
 - o A. Functional Requirements
- CHAPTER 5

Simone Colecchia:

- CHAPTER 1
- CHAPTER 2
 - A Overview
 - o B Component View
 - o C. Deployment View
 - o F. Selected architectural styles and patterns
 - o G. Other design decisions
- CHAPTER 3
- CHAPTER 4
 - o A. Functional requirements
 - o B. Non-functional requirements
